**MORE GARDEN BEAUTY—LESS GARDEN LABOR
—WITH DR. STOUT'S HYBRID DAYLILIES**

The best require no more room and no more attention

Stout Hybrid Daylilies

Dauntless and Ophir

WHY: Daylilies supply "more beauty with less labor" than any other desirable plant. They last for a life time. They bloom profusely and unfailingly, thru drought and heat, in all parts of our country. The Stout Hybrids have extended the bloom season from mid-May to mid-October. The new colors range thru shades and combinations of buff, peach, pink, red, and maroon. You can now have profuse and varied daylily bloom from the last frost of spring to the first frost of fall.

HOW: Depth should not exceed one inch of soil above the point where roots and foliage meet. Spread the roots and firm the soil while planting. Spacing should average two feet between plants. Suggestions as to little, if any, subsequent culture are supplied with all shipments.

WHEN: All Farr daylily orders are freshly and specially dug from the fields for each order; safely shipped and planted thru spring, summer and fall. So safely that we replace, no charge, if any failures. The best time to plant is *NOW*; whenever you and the location are ready. Nothing to be gained by waiting.

WHERE: Daylilies thrive thruout the Temperate Zone. They flourish in the poorest and most varied of soils, during the hottest and driest of summer conditions. They are suitable for any part of the garden except in wet or heavily shaded areas.

SHIPPING METHODS: Mainly parcel post, thru spring, summer and fall. Charges paid by us east of Denver if order exceeds \$2.99, and remittance with order. Express, if preferred, at cost. Parcel Post at cost on charge orders and on all orders west of Denver, Col. *Add 35¢ for parcel post and handling on orders under \$3.00.*

TERMS: Charge accounts gladly extended to former customers and to new orders accompanied by satisfactory reference.

QUANTITY DISCOUNTS on orders selected at list prices; *NOT APPLICABLE ON COLLECTIONS. 10% on orders exceeding \$3.99; 12% on orders exceeding \$9.99; 15% on orders exceeding \$19.99.*

for Every Garden

STOUT HYBRID DAYLILIES result from 30 years of scientific and objective hybridizing by Dr. A. B. Stout at the New York Botanical Gardens.

Bertrand H. Farr was one of very few who, in 1919, agreed with Dr. Stout that some day there would be the truly red, truly pink and other new daylily colors, as well as the new sizes, new types and new seasons, which Dr. Stout has since then pioneered and achieved.

During the past thirty years a thousand of Dr. Stout's seedlings could justifiably have been introduced as "new and different," but less than 80 have thus far been named for the specific and distinctive qualities listed below.

These have survived years of the most critical tests, comparisons and evaluations. All of them are of superlative garden habit. Not one of Dr. Stout's introductions resembles another in its season.

This catalog lists those of the eighty introductions which are in good supply for 1950.

Serenade, Midas and Ophir

EIGHT POINTS OF DISTINCTION—STOUT HYBRIDS DAYLILIES

- 1—Plants are not tender to cold winters.
- 2—Plants bloom freely and dependably for a long season.
- 3—Blossoms do not bleach, curl or wilt prematurely.
- 4—Spent blossoms drop quickly and do not remain to detract from their successors.
- 5—Blossoms remain open evenings.
- 6—Blossoms are not hidden in, or not too far above, the foliage.
- 7—Stems are neither too heavy nor too light for the type of blossoms they bear.
- 8—Foliage is healthy and lush, to beautify the garden continuously.

Standard Varieties Stout Hybrids

Plant now for root growth
before winter and bloom next year.

Dr. Stout's
Hybrid
CHENG TU
in a cut
flower
arrangement

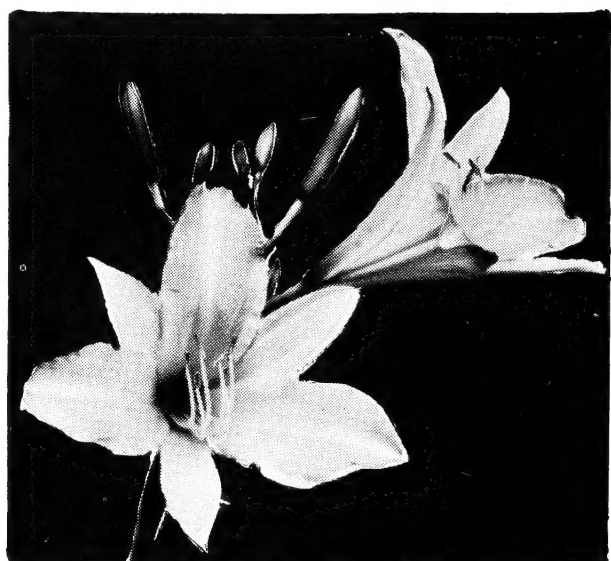

AFTERGLOW. 3 ft. July, Aug. A most appealing and unusual color; pale, soft buff with a very faint rose tint in the throat. Attractive mid-vein in the petals. Exceptionally long season. Good evenings. \$3.00 each.

AUGUST ORANGE. 3 ft. Aug.-Sept. A continuous and unequalled profusion of rich, golden, fall bloom on heavily branched and vigorous plants. Unsurpassed for garden show. The late summer garden will not be dull if liberally planted with August Orange and August Pioneer. Good evenings. \$1.50 each; 3 for \$4.00.

AUGUST PIONEER. 3 ft. Mid-Aug. to Oct. Medium-sized flowers lavishly set on slender, strong, well-branched scapes. Color chrome-gold with outer half of petals delicately flushed red. Blooms as long as eight weeks. \$1.00 each; 3 for \$2.50.

AUTUMN PRINCE. 2½ ft. Late Aug. to frosts. Clear yellow blooms for eight weeks on much-branched scapes. Has undisputed reputation of being the best late Daylily. Only one plant per customer. \$3.00 each.

BAGDAD. 3 ft. June-July. So named for its rich combination of colors. Clear orange throat. Outer petals coppery red over orange veins. Mid-zone madder brown. Large 5" flowers. Fragrant. \$1.00 each; 3 for \$2.50.

AUGUST PIONEER.

AUGUST ORANGE.

and Circe**

Background

Transform your premises with dozens of daylilies. Profuse, permanent and carefree bloom. From spring, thru summer, thru fall, to frosts.

The Farr Daylily Guarantee

WE UNCONDITIONALLY GUARANTEE every Daylily plant we supply to be of fine quality, true to name, and to reach you in good condition.

WE WILL REPLACE ANY DAYLILY WHICH DOES NOT GROW, WITHOUT CHARGE, provided the original order was paid within the usual 30-day terms, and provided report of failure is received within 6 months after planting.

FARR NURSERY CO., WEISER PARK, WOMELSDORF, PA.

DAYLILY COLOR SLIDES AND PRINTS FOR GARDEN GROUPS

We have completed a collection of some sixty Kodachrome color slides and color prints of Daylilies. Subjects include "close ups" of Daylily blooms, Daylilies in garden use and Daylilies in cut-flower arrangements. Arrangements for a short loan of these slides, or prints, can be made by certified groups or organizations. Write for details if interested.

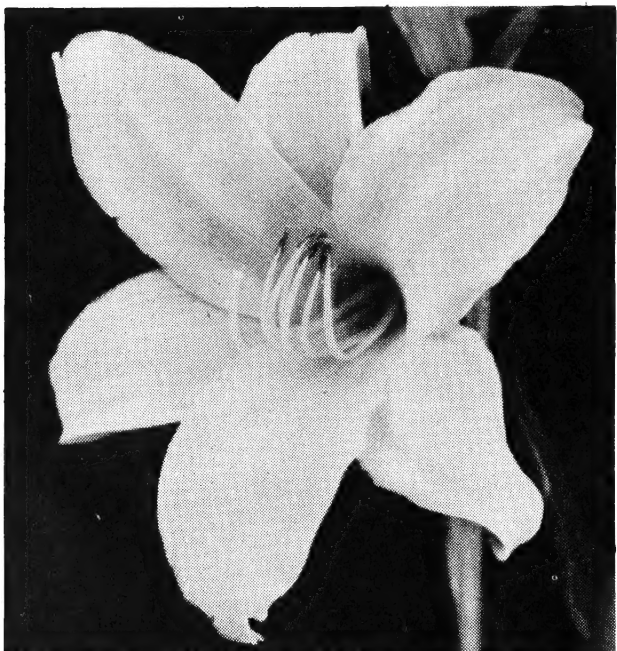

Daylilies

Bijou

Cinnabar

Circe

BARONET. 2 ft. June and Sept. Flowers full, crepe texture and sprightly crimson-orange; standing just above the foliage and remaining open evenings. The fall bloom nearly equals the June display. A distinct and valuable daylily in all respects. Good evenings. \$1.50 each; 3 for \$3.75.

BICOLOR. 3½ ft. July and Aug. Sepals, throat and stripe along midrib of each petal are yellowish orange; petals, except throat, are pale red, tinged rose. Good evenings. \$2.00 each; 3 for \$4.95.

BIJOU. 2 ft. July, Aug. Semi-dwarf variety; blooming neatly, cleanly and profusely on many branches. Ground color orange, overcast with rich fulvous red; darker mid-zone. Very long season of bloom. \$1.00 each; 3 for \$2.50.

BOUTONNIERE. 3 ft. Aug.-Sept. A profusion of miniature flowers as the name implies, with wide-open, overlapping and recurving petals. Sepals clear yellow; petals light rosy peach with trace of mid-stripe. Grassy foliage. A long period of fall bloom. Neat, free and graceful. \$1.00 each; 3 for \$2.50.

BUCKEYE. 3 ft. June. Like Mikado but bunch flowered and a month earlier. Flowers large and full, clear orange with large and gay red eye. Prolific in growth and bloom. Good evenings. \$1.50 each; 3 for \$4.00.

CHENG TU. 3 ft. August. Brilliant, coppery orange-red with deep velvety carmine mid-zone. Flowers 4½", pleasingly recurved. Good evenings. \$1.50 each; 3 for \$3.75.

CINNABAR. 2½ ft. Early July into Aug. Extra-long and profuse bloom season. Orange base, sprinkled cinnamon and strongly gold-glistening. Recurved and full petals and sepals. Forming a canopy of bloom on strong, heavy stems slightly above a rich mound of foliage. \$1.00 each; 3 for \$2.50.

CIRCE. 3½ ft. July, Aug. Full, clear yellow, medium flowers, 3½" across, are borne on erect, well-branched scapes. Tallest light yellow and does not resemble any other in bloom at the time. \$1.50 each; 3 for \$3.75.

• "Congratulations on your 40th Anniversary. Members of my family have been your highly pleased customers since 1915. I received my Catalog of Daylilies, and thank you very much."

MRS FENWICK F. RICHARDSON,
LOVELL, WYOMING.

BY DR. A. B. STOUT

DAUNTLESS. 3 ft. July-Aug. Pale yellow with pastel blended mid-zone; large, wide and overlapping petals. Flowers of fine substance in a general pastel effect for the summer garden. Fragrant. Illustrated on Page 2. \$1.50 each; 3 for \$4.00.

DOMINION. 3½ ft. June-July. Early and continuous, giant and full, 8½" spread. Rich, velvety red in a concentric three-toned pattern. A dependable repeat of bloom from mid-August until November. On mature plants there is usually Dominion bloom each day from mid-June to late Sept. Strong, bold, durable. Good evenings. \$3.00 each.

FESTIVAL. 3½ ft. July-Aug. A gay bicolor. Sepals orange with brown tinge; petals English red with darker veins and orange mid-stripe. Vigorous grower; erect, with many branched scapes. Good evenings. \$2.00 each.

LINDA. 3 ft. July-Aug. Large flower with crinkled petals based golden yellow; cinnamon flecked to buff tones, with red eye. All in sharp contrast to the bright and clear yellow sepals; practically a bicolor with pastel shaded eye-zone. Unusually long, 5-week, bloom season. \$1.00 each; 3 for \$2.50.

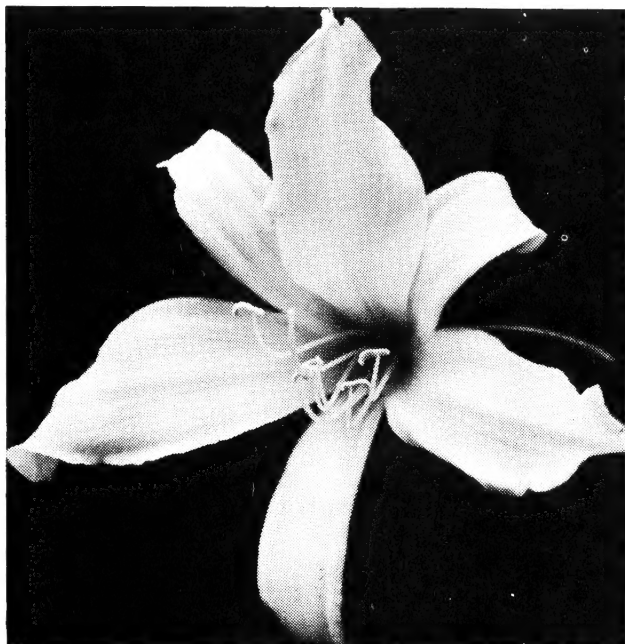

MAJESTIC. 3 ft. July. Largest, full flowers, 6" spread. Petals of strong texture, recurving and slightly ruffled. Color clear, uniform golden yellow. Majestic ranks in golden yellow as does Patrician in light yellow. Truly a "majestic" leader in its color. Good evenings and of superior behavior throughout. Exceedingly fragrant. \$2.00 each; 3 for \$5.00.

MIDAS. 4 ft. July. Medium-large, full and well spread; clear glowing orange. Very tall, strong and erect scapes. Excellent for background. Tallest orange-yellow. Good evenings. \$1.00 each; 3 for \$2.50.

MIKADO. 3 ft. June to Aug. Placed first three times and second once in four annual polls, including 321 varieties of Daylilies. The large spot of mahogany-red in each petal contrasts sharply with the rich golden yellow in the rest of the flower. Many spreading branches. \$1.00; 3 for \$2.50.

Festival

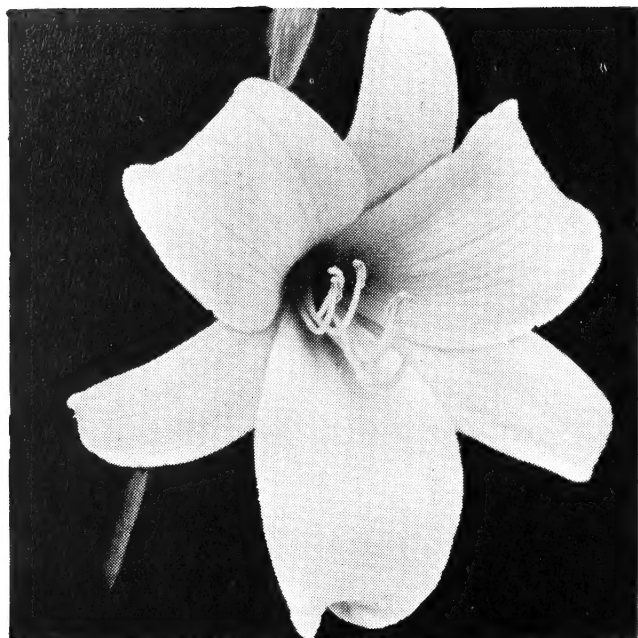

Majestic

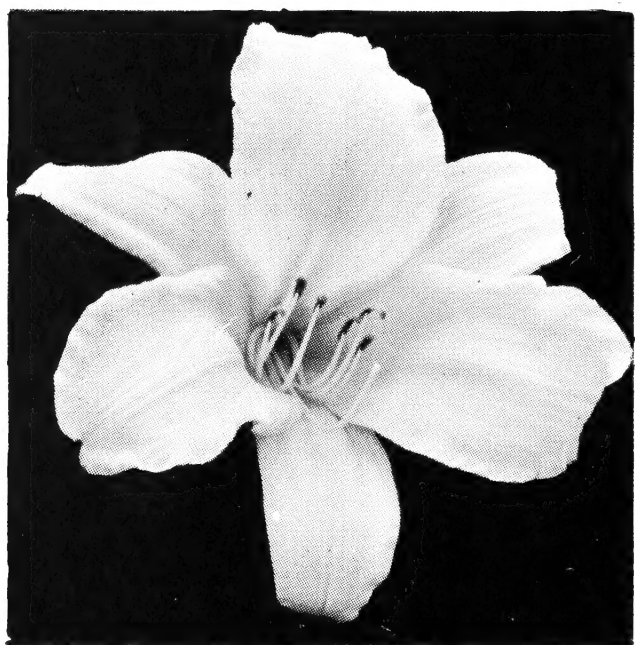

Mikado

Daylilies

Patricia

Princess

Serenade

MULTIFLORA. 2 ft. Aug. to Oct. A superb finale to the Daylily season, usually continuing beyond first frosts at Weiser Park. The scapes are upstanding and much branched. Flowers deep gold and smallest of the Daylily species. Grassy foliage. \$2.00 each; 3 for \$5.00.

PATRICIA. 2½ ft. July-Aug. Second choice in ballot of 321 varieties. Rated 93.7 or .08 below Mikado. Pale yellow with tinge of lemon-chrome and throat of flower greenish; petals and sepals of uniform tone, broad and recurving like a stately lily. Large (5"), shapely, full flowers. Pronounced fragrance. Exceptionally good in hot sun and evenings. \$1.50 each; 3 for \$4.00.

PORT. 2½ ft. July. A full, small flower. Rich sprightly red, with sturdy, much branched scapes, bearing many flowers. Slightly darker on mid-zone; greenish throat. Good evenings. \$1.50 each; 3 for \$4.00.

PRINCESS. 2½ ft. July. Large flowered, clear and evenly toned lemon yellow with wide, overlapping, and lily recurved petals spreading 5". Superb form and substance. Erect and much branched. Good evenings and at night since new blooms open while old blooms close. Of superior "behavior" throughout. Exceedingly fragrant. \$2.00 each; 3 for \$5.00.

RAJAH. 3½ ft. July to late August. Large, gaily colored English red, with conspicuous eye-zone as in Mikado; throat pale orange, with greenish tinge; blades traversed by darker-colored veins. Many branched and profusely budded. Of the longest season, most flowers and best garden show of any daylily. Good evenings. \$1.00 each; 3 for \$2.50.

SACHEM. 3½ ft. July-Aug. Medium-large and full; dark red, near carmine; yellowish orange throat in sharp contrast forming a concentric, two-toned pattern. Holds color and form exceptionally well throughout the day and in hot weather. Fragrant. Good evenings. \$2.00 each; 3 for \$5.00.

SERENADE. 4 ft. June, July. Very light pastel shade of yellow and pink in pleasing harmony. Petals twisted and crinkled with faint halo. Flowers medium large, on tall and strong stems. \$1.50; 3 for \$4.00.

Farr Nursery Co., Weiser Park,

By DR. A. B. STOUT

SOUDAN. 3 ft. July, Aug. Medium-large, 4", empire yellow flowers. Very full and recurved lily type, with broad, pleasingly creped and crinkled petals and sepals. Fragrant. Good evenings. \$1.50 each; 3 for \$4.00.

TARUGA. 2½ ft. June July. Clear lemon-yellow with a faint cinnamon dust effect in the mid-zone area. Flowers are Dr. Stout's largest introduction to date; 6 to 7" in diameter. Petals have graceful curlings and foldings, remindful of orchids, and are not floppy or soft. Good evenings. \$1.50 each, 3 for \$4.00.

THERON. 2½ ft. July to Sept. Large full, dark mahogany-red. Throat deep gold, producing a striking purple and gold effect. Award of Merit, Mass. Hort. Society, July, 1945. \$2.00 each; 3 for \$5.00.

VESTA. 2½ ft. July, Aug. Semi-dwarf. Clear, even-toned, golden yellow with a glistening gold sheen. Fragrant. Good evenings. \$1.00 each; 3 for \$2.50.

VULCAN. 2½ ft. July, Aug. Even-toned, light velvety maroon with faint golden brown midrib; throat of the medium-large (4") flower is golden orange. A very showy variety of deepest tone. \$2.00 each; 3 for \$5.00.

WAU-BUN. 2½ ft. June, July. Large flowers of light cadmium yellow, slightly sprinkled with faint traces of fulvous red. Abundantly gold-glistening. Petals large, broad, with ends slightly and distinctively twisted. Exceedingly fragrant. Good evenings. \$2.00 each; 3 for \$5.00.

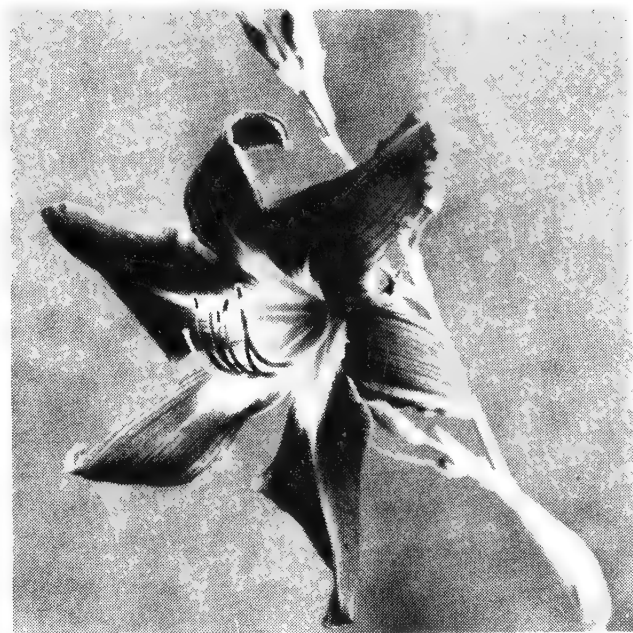

YELDRIN. 3½ ft. July, Aug. Small but full. Very uniformly yellowish orange. Buds and backs of the sepals are noticeably brown-red. Much branched. 1000 blooms on a mature plant during more than a month. Fragrant. Good evenings. \$1.00 each; 3 for \$2.50.

• I have had daylilies from several places, and yours are so much more classical and satisfactory there is no comparison. It seems to me that there are other growers who plant seeds from Dr. Stout's daylilies, and they name *all* of them. The daylilies I got from you last year are a very great joy to me and to my husband.

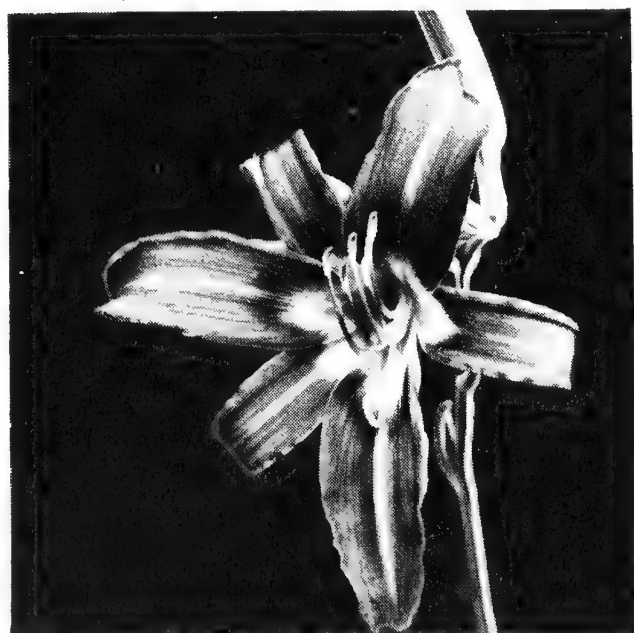

MRS. HENRY FULLER, EASTON, CONNECTICUT.

NEW CHOICE SCARCE

Stout Hybrid Daylilies

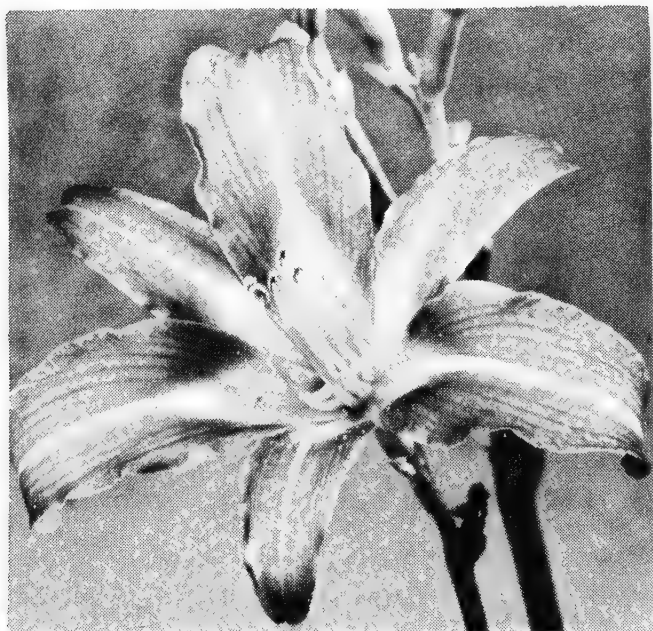

1949 Introductions of the Stout Hybrids included on this page are being catalog listed for the first time. Others were sold low and withdrawn from the catalog, but are now re-stocked. All remain relatively scarce. All are choice and superior.

Most of these Daylilies bloom earlier or later, and longer, than most Daylilies, besides being of distinct forms and colors. Descriptions are extracts from *Journal of the New York Botanical Garden*.

CATHAY (1949) 3 ft. July-Aug. Petals are scarlet vermillion with crimson veinings and dark velvety crimson mid-zone. Sepals are slightly darker than the petals, even toned to throat. Throat is bright gold. Flowers spread 6" and are later than most red and most large flowered daylilies. Scapes are well branched, wiry and strong. Usually two open blooms to each scape, thus producing an unusually profuse display of buds and blooms. Good evenings. \$3.00.

CHALLENGER (1949) 4 ft. Early July to early Aug. A distinct shade of bright cardinal to cherry red. Medium large blooms of broad petals with a pronounced, light midrib. Greenish yellow throat. Robust and vigorous. Lush foliage. Some visitors have classed it as brightest, deepest pink. Good evenings. \$3.00.

FANTASIA—3½ ft. June, July. Petals and sepals are wide, overlapping, with attractive twists at tips as in Taruga and Wau-Bun. General color is burnt sienna, produced by faint red tints over greenish yellow. The red pigmentation increases towards tips of petals. The reverse is as showy and attractive as the face. Very unusual and attractive form and color. George Proctor of the New York News says "It vaults into the ether instead of being a trumpet on a stick." Good evenings. \$3.00.

Daylily Challenger

Daylily Ming

MANCHU—3½ ft. June, July. Unusual combination of peach, buff and gold, to pastel effect, with blending and attractive eye-zone in the petals. Greenish yellow throat. Medium large flower. Extremely many scapes produce very showy garden habit. Good evenings. \$3.00.

MING—(1949) 4 ft. Mid-July to mid-Aug. GIANT. Wide and full lily recurved petals to 6-inch spread. Deep golden yellow, as rich and clear as in Ophir and Majestic, but larger, taller, later. Tips and edges of petals fade to white, without wilting, by afternoon of hot days, producing a beautiful white and gold effect. Fragrant. Good evenings. \$3.00.

RED KNIGHT AND RED LADY (1949) 48 and 42 inches respectively. Early July to late August. Two similar scarlet reds for late summer but sufficient difference in height, shading and season to justify dual introduction. Almost two months of profuse and dependable summer bloom in a brilliant new color, by many termed brightest pink, and in best of habits including evenings. Sold only as a pair. \$4.00 for the two.

SONNY—3 ft. July, Aug. Closely related to Patricia, which it resembles except that it is more free-blooming, more branchy, lighter yellow and slightly smaller. Equally immaculate, fragrant, lily flowered and recurved. Green gold haze in throat. Begins to bloom as Patricia ends and continues for a month. New blooms open during the night while old blooms fade. Probably the best evening habit of all daylilies. Sold too low before the war. \$3.00.

COLLECTION OFFER: One each of *New, Choice, Scarce*, 8 varieties this page, value \$22.00, for \$18.00 complete. No further, quantity, discount.

Grandmother's Favorite Daylilies

The varieties in this list are just as good today as they were in grandmother's garden. They have stood the test of time and have continued to hold their own against the newcomers. Use them freely as filler plants anywhere in your garden; for naturalistic plantings along streams and ponds; for ground cover planting.

FLAVA. 3 ft. May; June. The old fragrant "Lemon Lily." Clear lemon-yellow. 75c ea.; 3 for \$1.75.

FULVA (EUROPA). 3½ ft. July. "The Roadside Lily." Coppery orange blooms, shaded crimson. Fine for naturalizing. 75c ea.; 3 for \$1.75.

FULVA MACULATA. 4 ft. July to late Aug. Very large bold flowers, softer in color than the common "Roadside Lily" and much larger and later.. 75c ea.; 3 for \$1.75.

GOLD DUST. 2 ft. May. June. Deep yellow flowers, bronze on reverse side. 75c ea.; 3 for \$1.75.

GOLDENI. 3 ft. July, Aug. Deep golden orange, full, 4" flowers. Vigorous grower and very free blooming. 75c ea.; 3 for \$1.75.

***HYPERION.** 4 ft. July, Aug. Large and waxy canary-yellow, of a luminous shade. Heavily fragrant. \$1.00 each; 3 for \$2.50.

KWANSO FLORE-PLENO. 3½ ft. July to late Aug. Large, double, coppery orange flowers on heavy stems. 75c ea.; 3 for \$1.75.

***OPHIR (FARR).** 4½ ft. Early July to mid-Aug. Waxy golden yellow flowers, 5" across, 6" long; strong stems 4 to 5 feet high. One stem usually carries 25 or more successively opening, giant, heavy-textured and lasting flowers. Award of Merit, Royal Horticultural Society of England. An exceptionally long bloom season and an unusually fine Daylily. The inside of a fresh bloom is a reflected haze of deep gold. Good evenings. Fragrant. \$1.00 each; 3 for \$2.50.

SIRIUS. 3 ft. Rich orange with a faint eye zone. Petals charmingly crinkled and margin waxy. Fragrant. 75c ea.; 3 for \$1.75.

TANGERINE. 20 in. May, June. True tangerine-colored flowers in late spring. Award of Merit, R.H.S., England. 75c ea.; 3 for \$1.75.

THE GEM. 3 ft. July, Aug. Clear, uniformly shaded, apricot yellow. 75c ea.; 3 for \$1.75.

THUNBERGI. 3½ ft. August. Fragrant, soft yellow bloom. Remains open evenings. Latest of common varieties. 75c ea.; 3 for \$1.75.

Here are Stars FROM SPRING

Wrote a Farr Customer
several years ago:

"Daylilies are shaped like
STARS

Daylilies sparkle like STARS
in the day garden

Daylilies glow like STARS in
the twilight

Daylilies are as certain as the
STARS."

FIVE STARS

The five varieties which we would begin with for
our own garden and where space is limited.

HYPERION. 4' July, Aug. Large canary yellow. Very popular.	\$1.00
MIKADO. 3' June, July. Rich gold with mahogany eye. Favorite for 20 years.	1.00
OPHIR. 4½' July, Aug. Large, crisp, clear, waxy golden yellow. Superb	1.00
PATRICIA. 2½' July, Aug. Clear, waxy lemon yellow. Outstanding form	1.50
RAJAH. 3½' July, Aug. Gay variations of red. Profuse. Long season	1.00
TOTAL	\$5.50

ABOVE 5 COMPLETE FOR\$4.50

GOLDEN STARS

Garden gold from May to September.

AUGUST ORANGE. 3' Aug., Sept. A mass of gold thru early fall	\$1.50
CINNABAR. 2½' July, Aug. Cinnamon on gold for late summer	1.00
MAJESTIC. 3' July. Large, wide petaled, deep gold	2.00
MIDAS. 4' July. Tallest, clear deep gold. Strong scapes	1.00
TANGERINE. 2' May, June. For gold in spring. Cluster flowered75
THE GEM. 3' July, Aug. Coinage gold for late summer75
YELDRIN. 3½' July, Aug. Many branched, even-toned, light gold	1.00
TOTAL	\$8.00

Above 7 complete for\$6.50

SILVER STARS

Many gardeners prefer the clear, light yellow type of daylilies. Here are six of the leaders—
from May to Sept.

CIRCE. 3½' July, Aug. Tallest, clear, light yellow	\$1.50
FLAVA. 3' May, June. The fragrant "lemon lily"75
HYPERION. 4' July, Aug. Large canary yellow. Very popular	1.00
PATRICIA. 2½' July, Aug. Clear waxy light yellow. Overlapping petals	1.50
PRINCESS. 2½' July. Like Patricia. Earlier, larger form	2.00
TARUGA. 2½' July. Extra large, long petaled, lemon yellow	1.50
THUNBERGI. 3½' Aug., Sept. Fragrant soft yellow for late summer75
TOTAL	\$9.00

Above 7 complete for\$6.95

for your garden

TO FALL

RUBY STARS

Four red daylilies for bloom from June to September.

BARONET. 2' June and Sept. Bright orange red	\$1.50
CHENG TU. 3' Aug. Brilliant, coppery orange red to carmine..	1.50
DOMINION. 3½' June, July. Extra large, full rich red in three tones.	3.00
SACHEM. 3' July. Full petaled, two-toned bright carmine red...	2.00

TOTAL\$8.00
Above 4 complete for\$6.50

GALAXY OF STARS

Twelve of the best, most varied, daylilies for a garden full of bloom from May to October.

GOLD DUST. 2' May, June. Deep yellow, reversed bronze	\$.75
BUCKEYE. 3' June. Clear gold with gay red eye. Showy	1.50
BARONET. 2' June and Sept. Bright orange red	1.50
SERENADE. 4' June, July. Yellow flushed pink. Twisted petals	1.50
TARUGA. 2½' July. Giant long petaled lemon yellow	1.50
DAUNTLESS. 3' July. Large pale yellow. Faintly flushed mid-zone	1.50
BIJOU. 2' July, Aug. Red on orange. Long season	1.00
LINDA. 3' July, Aug. Yellow with pastel shadings to red.	1.00
VESTA. 2½' July, Aug. Glistening, lily formed, golden yellow	1.00
OPHIR. 4½' July, Aug. Large, crisp, clear, waxy golden yellow	1.00
RAJAH. 3½' July, Aug. Gay shades copper and red. Long season	1.00
AUG. PIONEER. 3' Aug. to frost. A mass of gold, flushed red	1.00

(Over)

A FLOWER FROM SHANGRI-LA — TREE PEONY MOUTAN

Tree Peony Moutan is native to the mountains of Thibet. It is the hardiest and most free blooming of all tree peonies; one of the few tree peonies which can be depended upon to bloom profusely every year and to last for a life time; remains in good, clean foliage throughout the summer.

Moutan blooms with late tulips; before and with irises. The blooms are single, of six to ten inch spread; intense, dark red with a mass of golden stamens in the center. Will succeed in any well drained and sunny location.

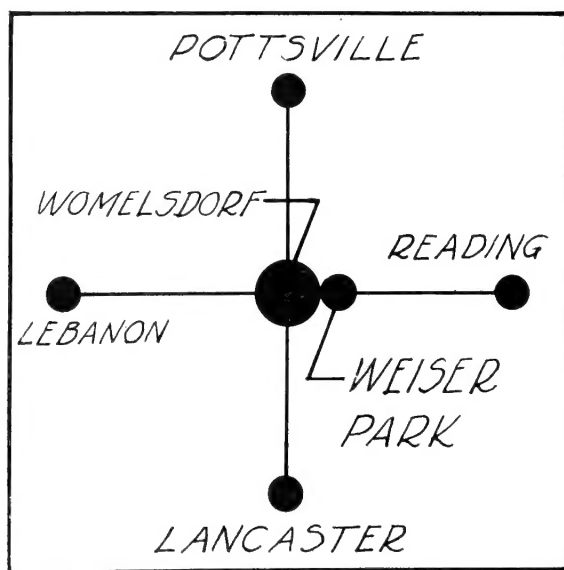

PRICES — FIELD PLANTS WITH 6 TO 12 INCH HARDWOOD STEMS

Size A2	Two Stems\$3.50	Size A5	Five Stems\$5.75
Size A3	Three Stems\$4.25	Size A6	Six Stems\$6.50
Size A4	Four Stems\$5.00	Size A7	Seven Stems\$7.50

SHIPMENT only when not in leaf; mostly from Sept. 1 to Nov. 1. Spring shipments must be made before buds break into leaf, usually before April 1.

VISIT WEISER PARK

Weiser Park is located in Berks County, on Highway 422; midway between Reading and Lebanon, adjacent and east of Womelsdorf. You are invited to drive thru the nursery, including daylily bloom from May to November, at its height in July and August. The 20 acre State Park includes roomy, shady and quiet picnic facilities, an historical museum and the Conrad Weiser Burial Plot. Park entrances lead to the nursery fields.

NOW

Is Usually the Best Time to Plant Daylilies

Daylilies transplant safely whenever the ground is workable. Spring and summer plantings permit a full season of root development for bloom next year. Fall plantings remain a half year ahead of plantings made the following spring. Nothing to be gained by waiting. PLANT NOW.

POSTMASTER: If addressee has moved, advise new address on Form 3547 and amount of forwarding postage needed.
